-  EMPOWERING ENTREPRENEURS TO OVERCOME BARRIERS

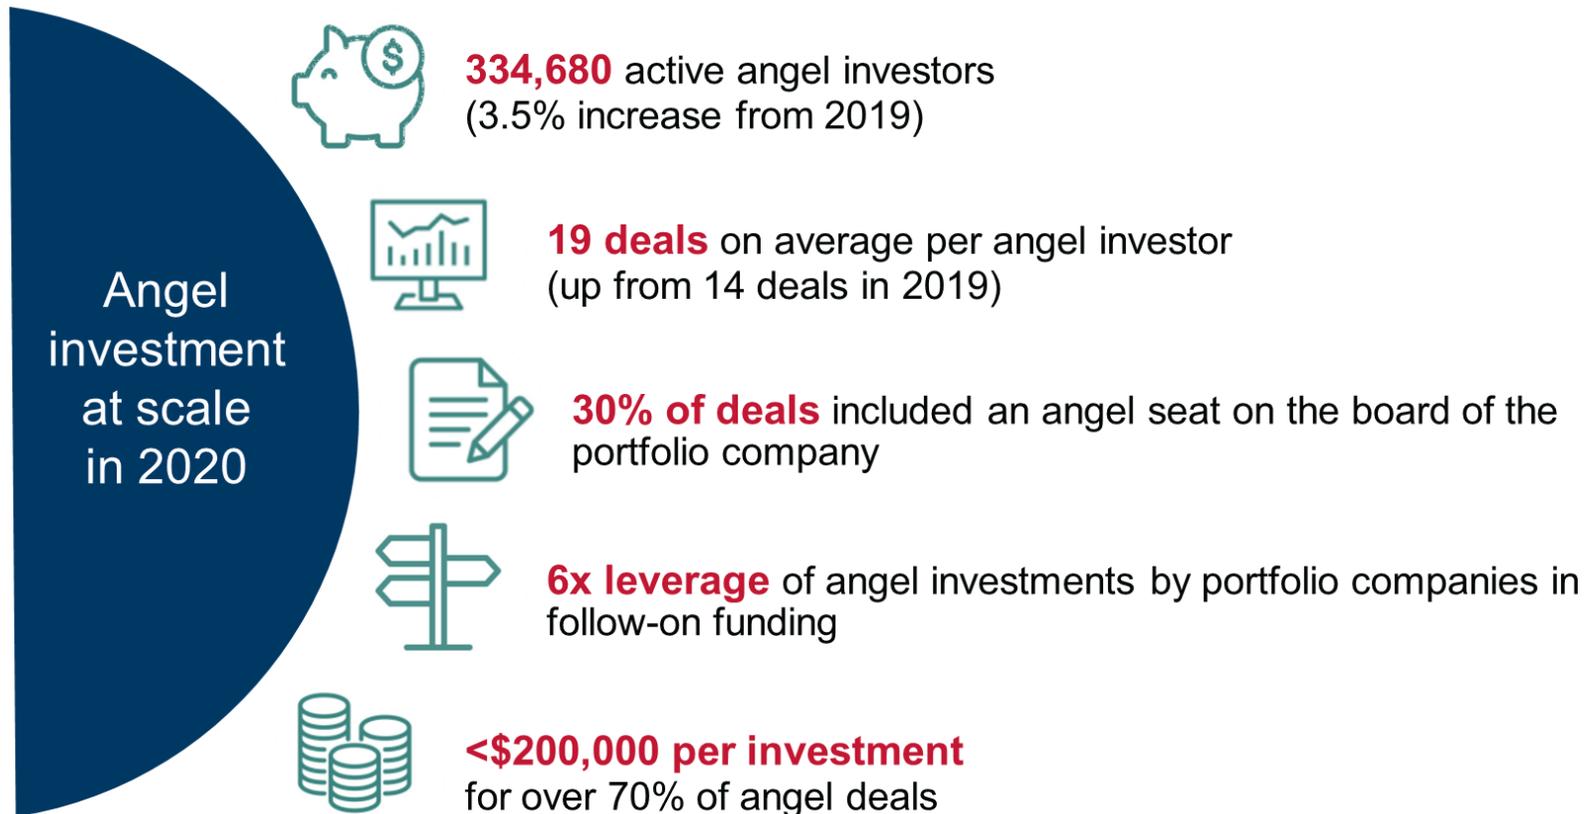

CAPITAL IS FLOWING

Angel and Seed Financings

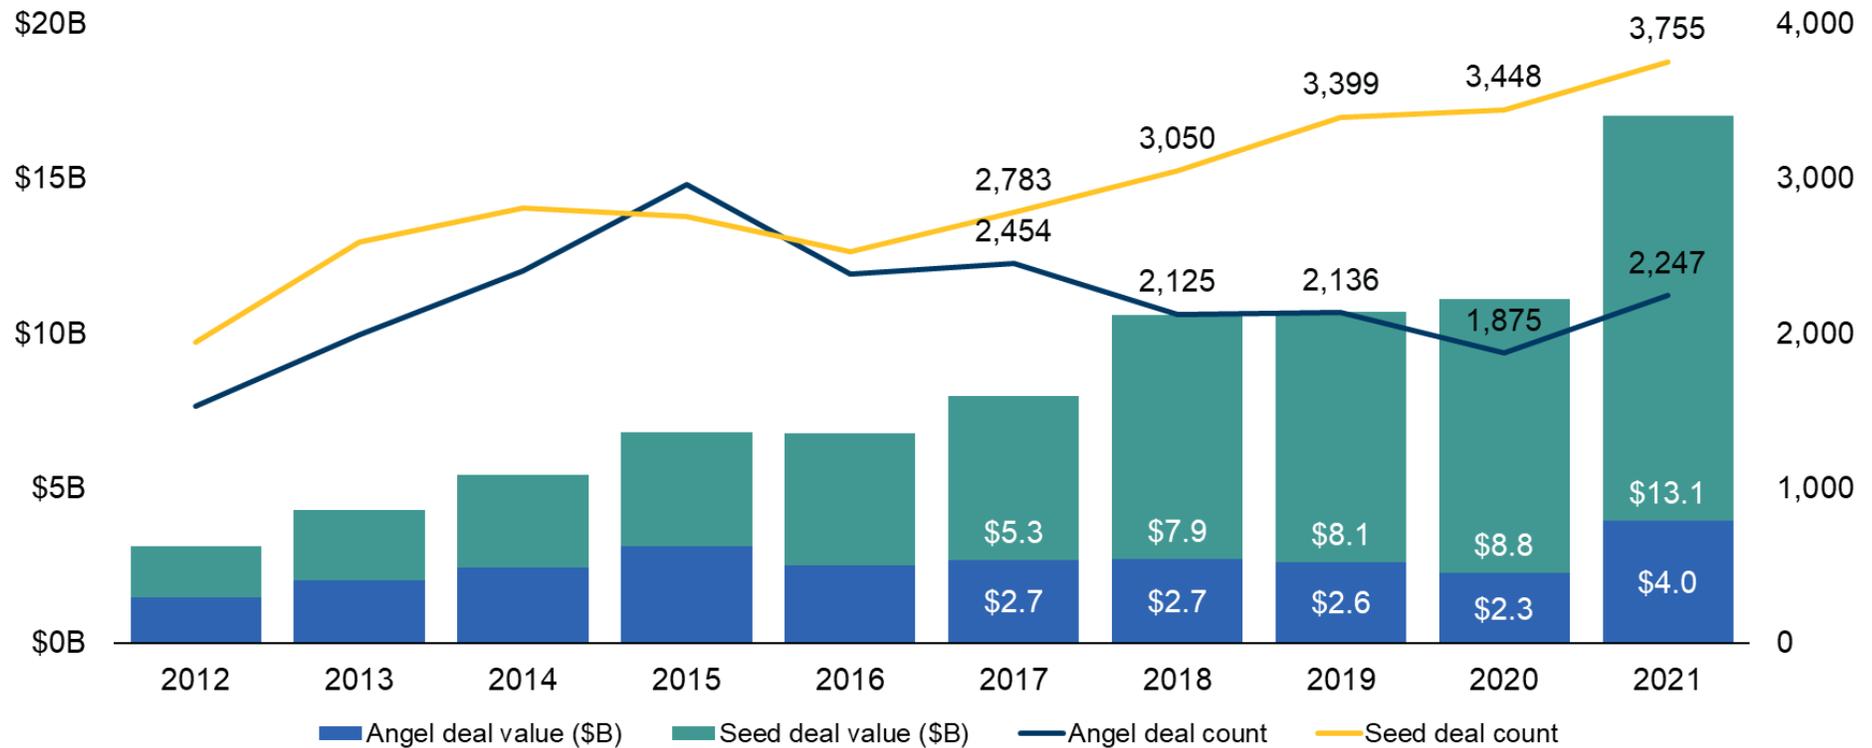

Angel investors are a significant source of early stage capital.

Angel and Seed Financings

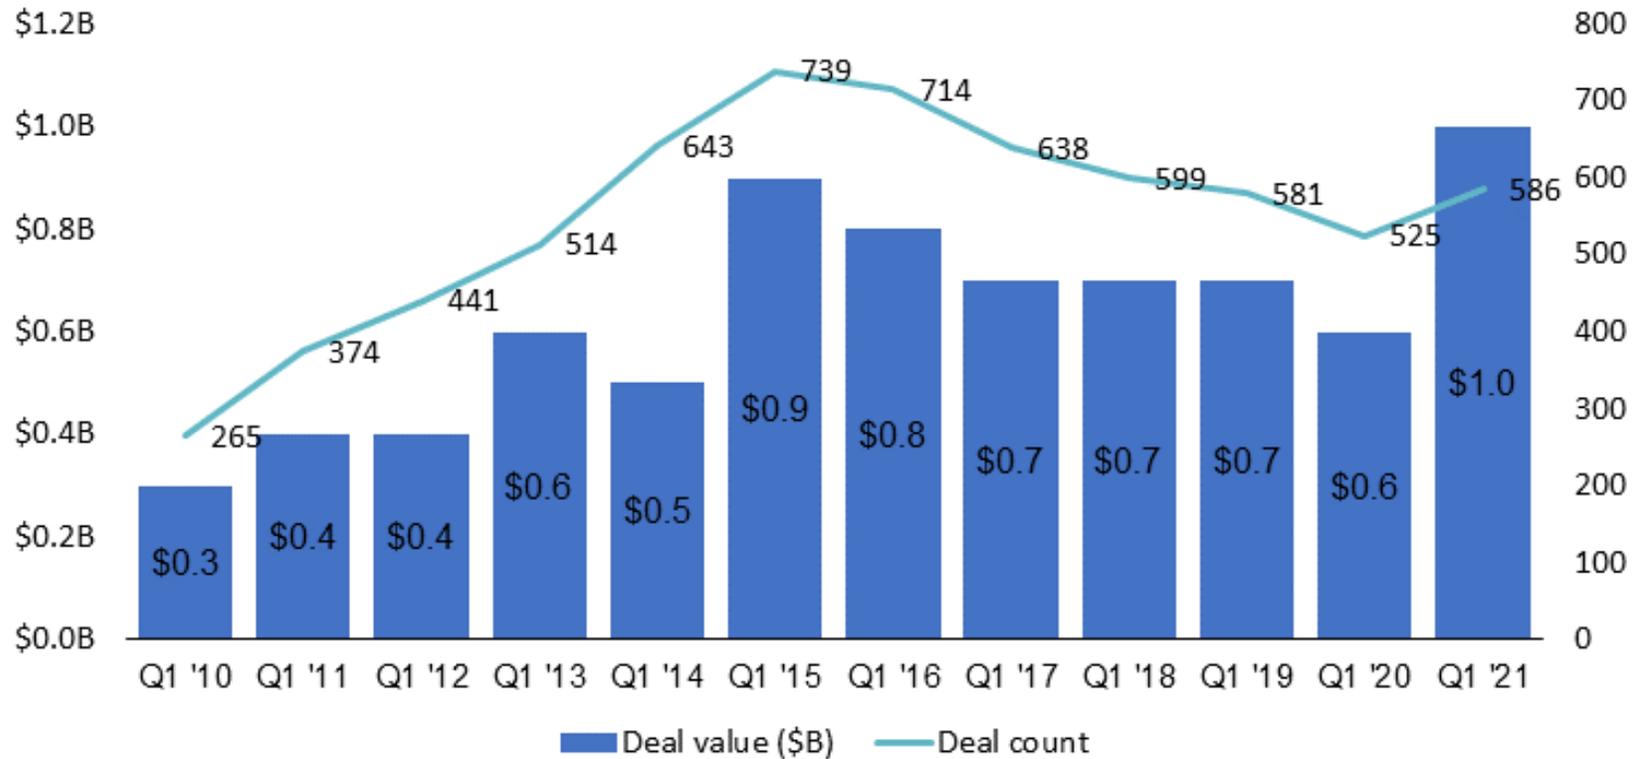

By deal count and value, angel and seed activity increased in 2021.

Angel and Seed Financings

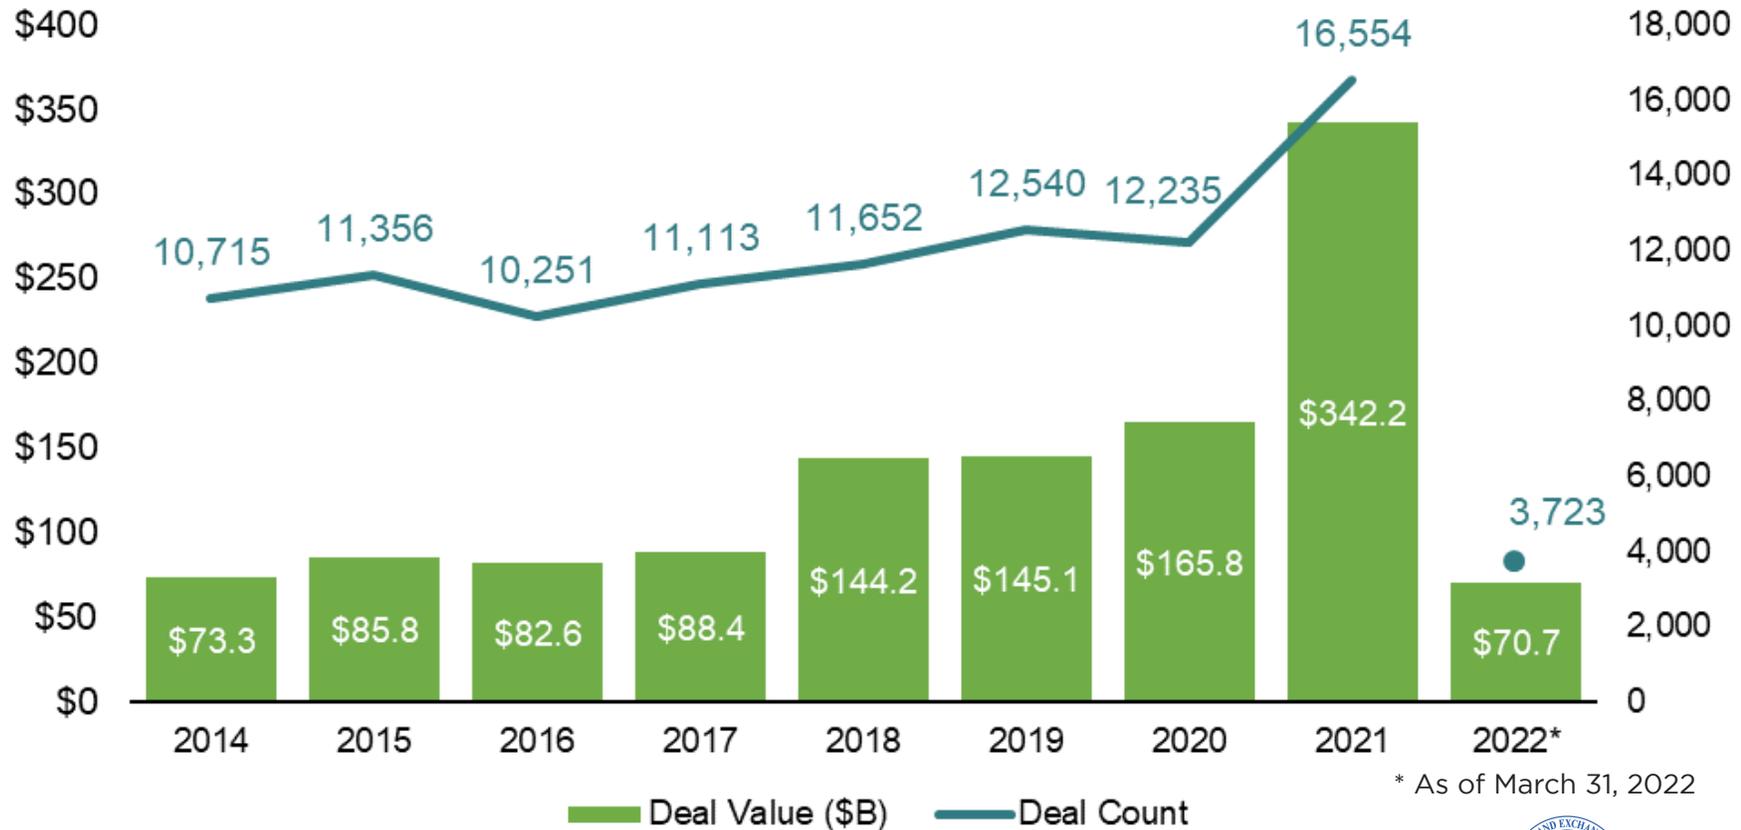

Q1 year-over-year angel and seed activity saw a similar increase in 2021.

Venture Capital Financings

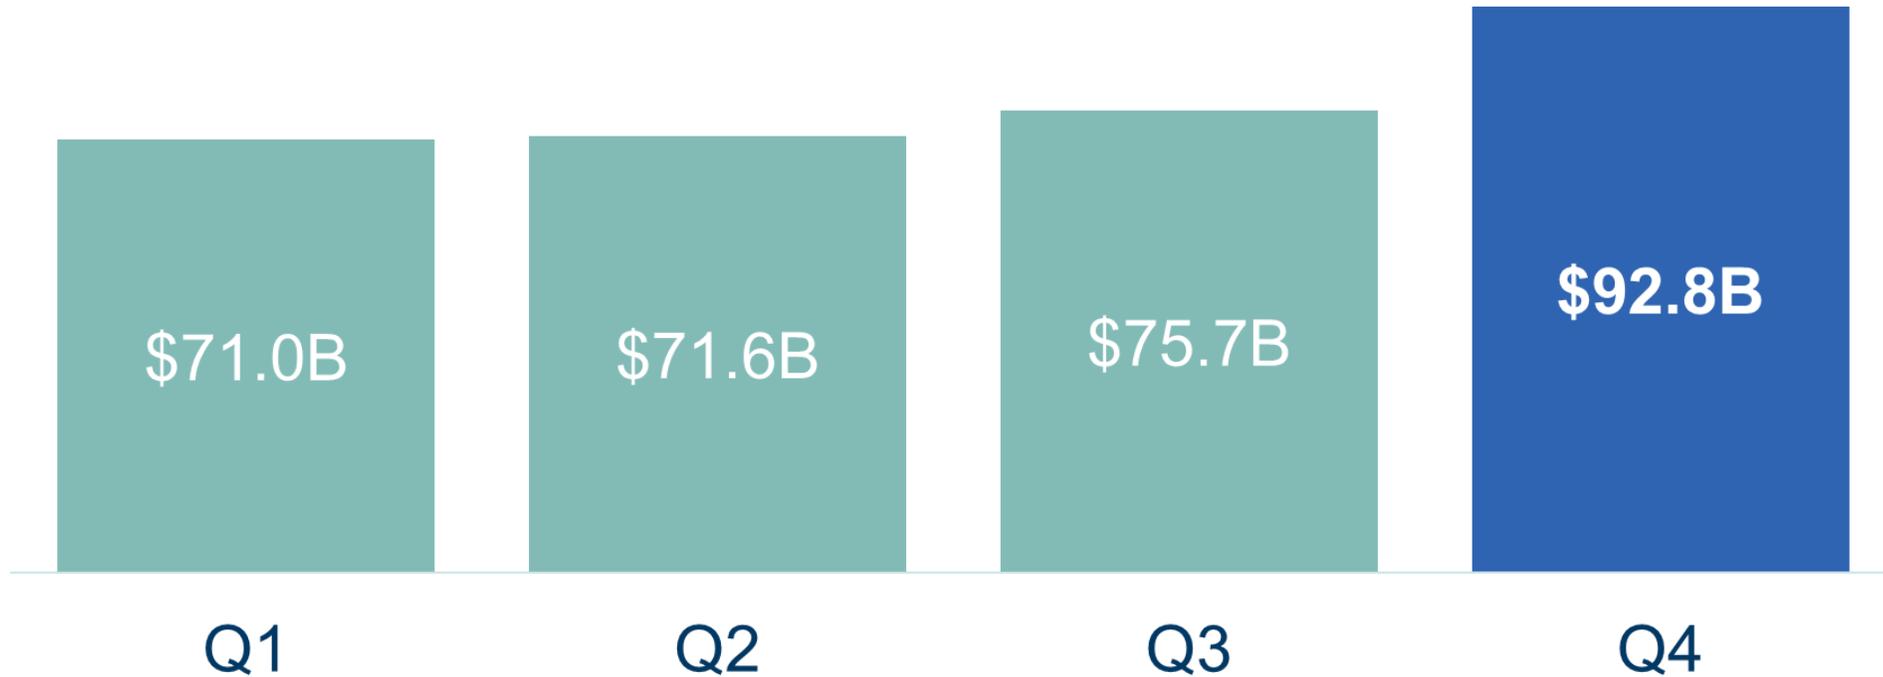

Venture capital activity increased considerably in 2021, by deal count and value.

Venture Capital Financings

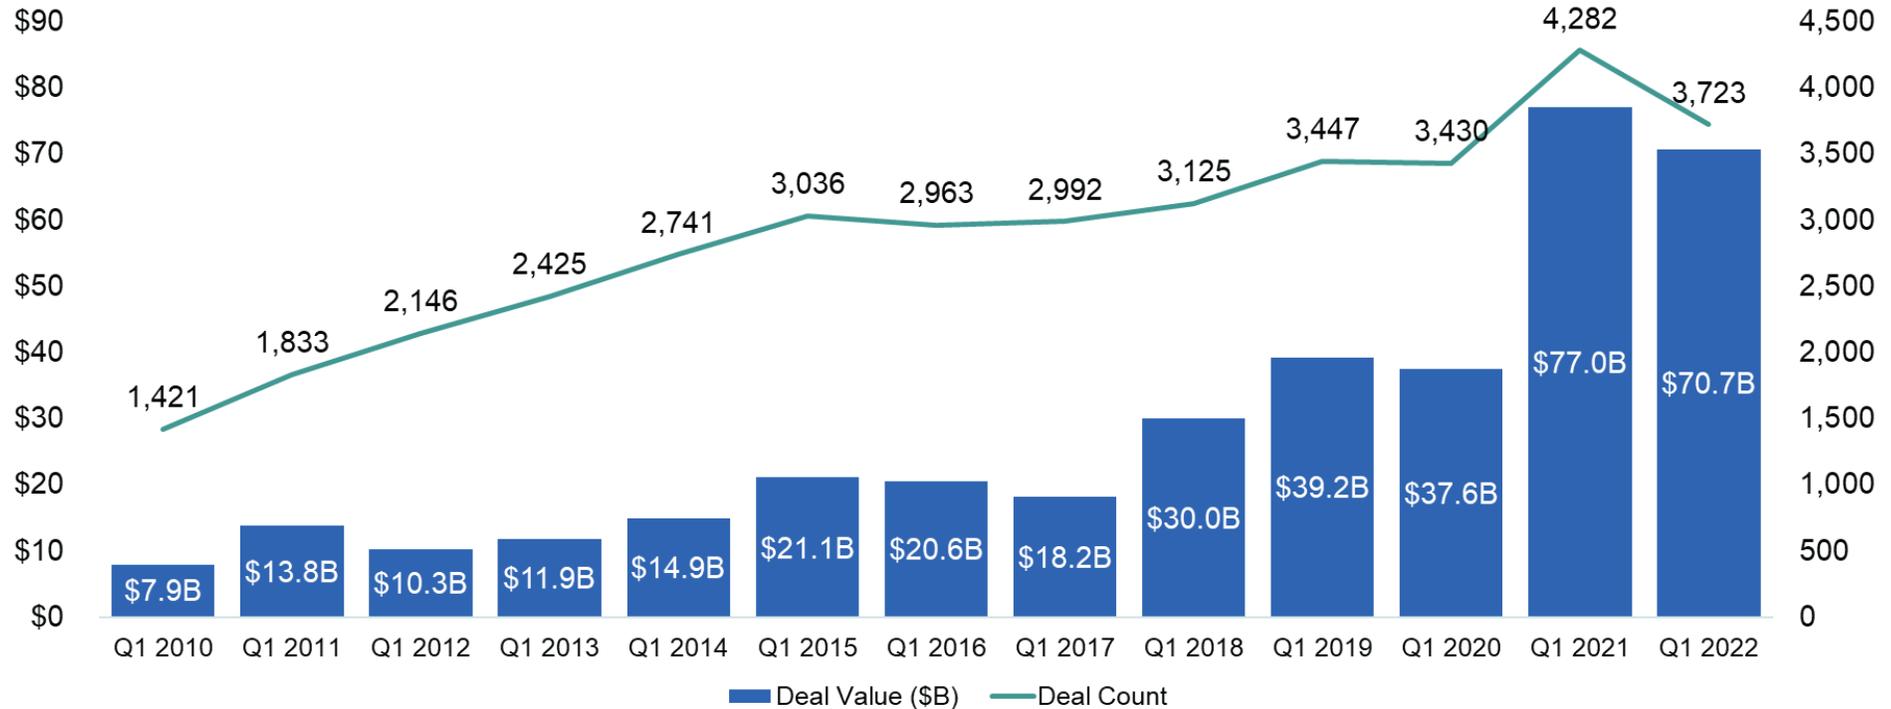

In Q4 2021, venture capital funding hit an all time high.

Venture Capital Financings

In Q1 2022, venture capital activity dipped slightly year-over-year from 2021 but still well above prior years.

WHERE IS CAPITAL GOING?

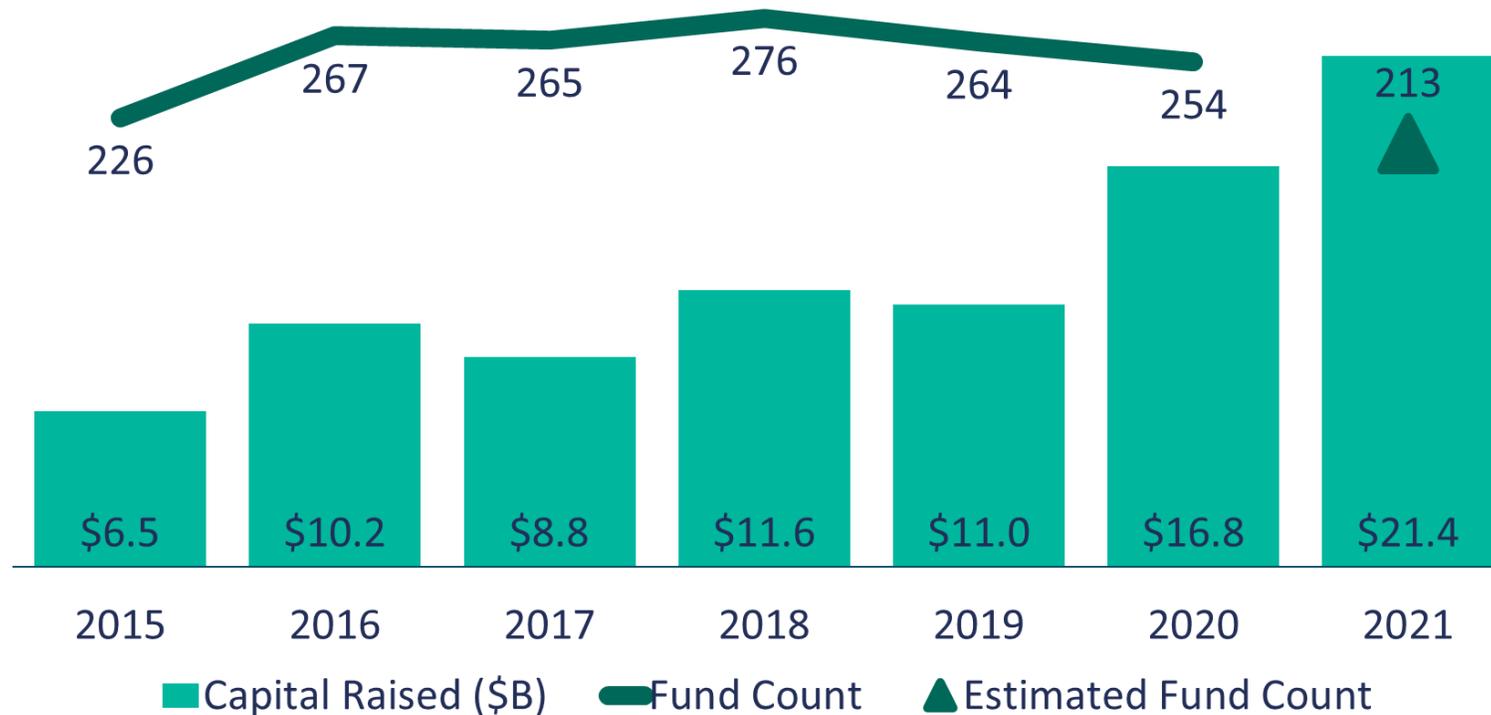

Investments Remain Localized

The distance between lead angel investor and the target company averages

Investments Beyond Traditional Hubs

Venture capital investment outside of Silicon Valley, Boston and New York continues to increase.

Women Business Owners and Investors

Underrepresentation by gender persists.

For every dollar raised
by men-CEOs in 2020,
women-CEOs raised

93 cents

Women Business Owners and Investors

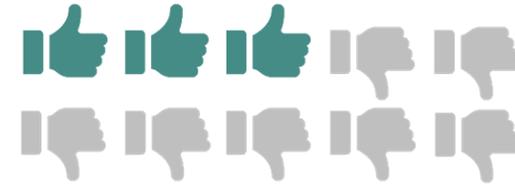

Investment yield rate among women seeking angel funding has trended up.

Women constituted

33.6%

of entrepreneurs seeking
angel capital in 2020
(up from 27.6% in 2019)

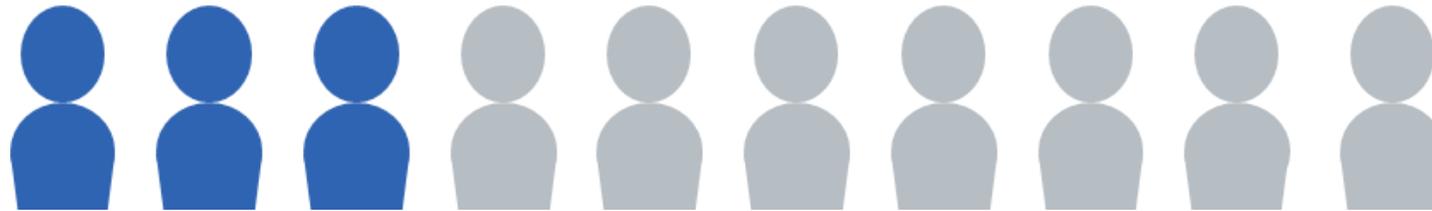

and had an investment yield rate of

28.1%

(up from 21.4% in 2019),
compared to a baseline
rate of 30.8%.

Women Business Owners and Investors

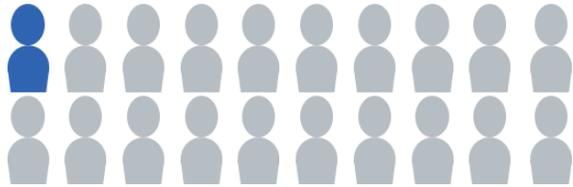

Women remain underrepresented among angel investors.

29.5% of angel investors in
2020 were women,
unchanged from 2019.

Minority Business Owners and Investors

Investment yield rate among minorities seeking angel funding has trended up.

Minorities constituted

5.3%

of entrepreneurs seeking
angel capital in 2020
(down from 9.3% in 2019)

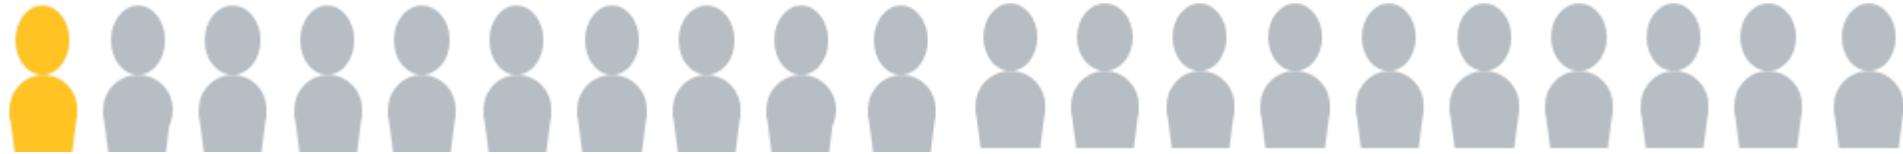

and had an investment yield rate of

33.0%

(up from 22.0% in 2019),
compared to a baseline
rate of 30.8%.

Minority Business Owners and Investors

Minorities remain underrepresented among angel investors

5.5% of angel investors in 2020 were minorities, down from 7% in 2019.

WHERE ARE THE OBSTACLES?

Capital Needs

Running out of cash and an inability to raise new capital is the **number 1 reason startups fail**

Networks

1/2 of newer entrepreneurs

report challenges with

networks and connections

compared to 1 in 3 entrepreneurs
with mature businesses.

Education

1/2 of new entrepreneurs
report challenges with
information, education,
or **knowledge** –
more than **2x**
the rate for entrepreneurs
with mature businesses.

Resources and Tools

Navigating Your Options

When raising capital, a business may not offer or sell [securities](#) unless the offering has been registered with the SEC or falls within an exemption from registration. Each exemption has specific requirements that a company must meet.

This interactive tool can help you navigate the many regulatory pathways to raise capital, based on the criteria that matter most to you. While this tool does not provide legal advice, it can help you better understand your options so that you make informed decisions. Let's get started!

1 of 8

Does your business already exist?

Have you formed your business under applicable state or territorial law and finalized organizational documents (such as bylaws or operating agreements)?

Yes

No

Fund(amental)s

Whether you are looking to a fund for financing or as an investment opportunity or you are forming your own fund, a familiarity with these commonly used terms will help guide your way.

3(c)(1) Fund

A 3(c)(1) fund is a *pooled investment vehicle* that is excluded from the definition of *investment company* in the *Investment Company Act* because it has no more than 100 beneficial owners (or, in the case of a *qualifying venture capital fund*, 250 beneficial owners) and otherwise meets criteria outlined in Section 3(c)(1) of the *Investment Company Act*.
